

Am concerned over LPFM service's impact on current FM translator service, specifically as it may impact K-LOVE station. K-LOVE provides the only quality, family-oriented FM music in this area that my family can trust. This station is a must have for many in this area and Hampton Roads would lose a critical voice on the airwaves if LPFM were to trump KLOVE transmissions. The loss of a positive, family-focused alternative station would be a severe detriment to the listening audience of Hampton Roads.
